***COLE & CO. DEBUTS ITS PREMIER COLLECTION TO RAVE REVIEWS***  
***Exclusive designs for the home***

May, 2004 --- Cole & Co., the award winning manufacturer of Furniture for the Bath™, is pleased to present its *Premier Collection*, a superb compilation of vanity cabinets for the home. Taking the most popular designs, sizes and finishes from existing Cole & Co. collections, the *Premier Collection* incorporates the best of everything in one collection.

The Provence Vanity, a hand-made traditional chest of French design, is meticulously carved with excellent proportions and features traditional scrolls and floral panels. Two upper 'serviette' and 'savon' drawers add interest as does the useful adjustable inside shelf, paneled sides and cabriole legs.

The influence of France continues with the creation of the Lorraine Chest, a bombé shaped vanity with age old distressing techniques that bring the Lorraine's hand carved features into focus. In a warm chestnut finish, the Lorraine has two working drawers with storage, curved side panels and flaunts beautifully carved cabriole legs.

Inspired by Venetian architecture, the Verona Hall Chest is an ideal complement to many decorative styles. Hand crafted and distressed to reveal its faithful character, the Verona has a serpentine carved front and sides, and sits on four perfectly sculpted feet.

The Premier Collection is entirely hand made of the finest alder wood solids and select cherry veneers, and finished in a warm aged chestnut. The backs, shelves and drawers of each vanity are pre-cut to allow for storage while making it a breeze for plumbing installation. All vanities are available separately, or with a solid granite top, and a choice of sinks and faucets. Accessories include a beveled mirror in aged chestnut that is a perfect complement to all three Premier vanities.

The Premier Collection is the most ambitious design project ever undertaken by Cole & Co., “we are extremely excited with the final pieces in this collection. After two years in development, the compliments the collection is receiving are very rewarding,” says Christopher Cole, President of Cole & Co.
