COLE & CO. AWARDED TOP HONORS

March, 2003 ---- Christopher Cole's dedication to perfection is the catalyst behind the continued success of his company's extraordinary vanities. You see it in the fine craftsmanship and innovative technology that resulted in Cole & Co. being deservedly recognized at the KBB Awards last year.

The first of the "*Designer Series*" mirrors the grand architecture of European ethos but with a modern twist. It was this "twist" that captivated the judges at the Kitchen & Bath Business Product Innovator Awards 2002 when they presented Cole & Co. top honors in the stock cabinetry division. Three of the collection took first, second, and third place in their category with the Primavera Cabinet beating the Petite Lily Contemporary and the Chinoiserie Travel Chest – all of which are perfectly proportioned and balanced to fit in today's stylish interiors.

From provincial to contemporary, Cole & Co.'s "*Designer Series*" adds style and functionality to any interior. Comprised of chests and cabinets transformed by Cole & Co.'s own master craftsmen to easily accommodate plumbing and simple installation, each vanity has usable drawers or sturdy shelves for everyday convenience.

Currently available in over 350 authorized kitchen and bath showrooms throughout the United States, Cole & Co.'s vanity units are versatile for every style and budget. To see more of Cole & Co.'s product range visit www.vanitybath.com.
